

DAAN MICHELSEN

PROFILE

I am a friendly, calm person, I am good at listening and like working in teams. As a person I am open to learning and will not give up when things don't go as planned. I like helping people where needed and I look at my work with a critical view. Good results and progression satisfy me and give me a good feeling.

In my free time I like to play video games and working out. I also like to play ping pong from time to time. On the weekends I like to link up with friends and have some fun together. I still live with my parents together with my brother and my pets: A French bulldog and 2 chickens.

SKILLS

WORKING EXPERIENCE

LED-display assembly/service employee (Internship) Q-Lite (Baarle-Hertog)

April 2021 – 3 weeks

I worked in assembly for 3 weeks where I was responsible for making LED price displays for gas stations. This included using a variety of tools and components. I also tested some price boards to confirm the functionality of the products. I worked on LED-Marquee panels and full-blown displays for advertisement and/or entertainment. Finally, I worked in service for 3 days, this included fixing broken panels, replacing parts and initializing panels on site with one other colleague.

Supermarket Employee (student job) JUMBO (Rijkevorsel)

June-August 2020

I was responsible for refilling the contents of the department of potatoes, fruit and vegetables. I worked with colleagues under which the work was distributed. On Sundays I took responsibility for the department on my own. The student job included keeping track of stock, ordering products and refilling shelves. Helping clients with finding products was also common during the job.

EDUCATION

Bachelor in applied computer science at Thomas More
2021-2024

Secondary education diploma in electricity and electronics
2014-2020

Extra: Driver's license since 2020, BA4 certificate
